NUMB. 1483

FRIDAY, MARCH 21. 1740.

Madrid, March 4. N. S.

THE (late) Duke of Ormond, at the Deſire of this Court, has ſent hither from Barcelona his Opinion at large of the Conduct of the Military Operations for this Year. The Court has receiv'd an exact Account of the Condition of the Spaniſh Settlements in America, and of the Number of Forces that are in the Gariſons. At the ſame Time they have receiv'd a circumſtantial Account of the Undertakings of the Engliſh in that Country, from November laſt to the End of December; by which it appears, that the Spaniards are every-where in ſo good a State of Defence, that it has not been poſſible for the Engliſh to do them any conſiderable Damage, except the taking of 4 or 5 Ships bound from the Havana and Porto Bello, which they carry'd to Jamaica. The Governour of Cuba having a Suſpicion that there were ſome Spies in that Iſland, after a ſtrict Search diſcover'd three, whom he cauſed to be hang'd. We have Advice, that a Dutch Ship, John Lambert Stampert the Maſter, bound from Amſterdam, but laſt from Cork, for Port Mahon, was attack'd in her Paſſage by a Spaniſh Privateer, which after having kill'd ſeveral of the Crew, took and carry'd her into Cadix, on Pretence that ſhe had Ammunition on board for the Engliſh. We long to know how the Court will act as to this Prize.

Petersbourg, March 4. N. S. The Czarina has by an Edict not only granted a General Pardon, but order'd an Account to be laid before her of what Sums of Money are due to the Crown, that ſome Means may be taken for eaſing thoſe Perſons who have contracted ſuch Debts. She alſo remits the Extraordinary Fees taken by Perſons in Civil Employments, contrary to the Tenor of the Ordonnance of 1724. and reſtores all thoſe Perſons to their Military Poſts and Honours, who were turn'd out in the late War for not having done their Duty.

Warſaw, March 9. N. S. The Poliſh Reſident at Bender writes word, that the Baſha has aſſur'd him, that the Grand Signior will forthwith ſend an Ambaſſador hither, to expreſs his Thanks for the Neutrality obſerv'd in this Kingdom during the late War; that the Damages done by the Incurſions of the Tartars ſhall be entirely repair'd; that the Trade between the Subjects of Turky and Poland ſhall be hereafter ſettled on a better Footing than ever; and that the Poles may ſettle with their Families in any Part of the Ottoman Dominions, and there enjoy full Liberty of Conſcience and Commerce, without being oblig'd to any thing more than the Payment of an inconſiderable Tribute, which 'tis believ'd will be fix'd at a Ducat per Head.

The Senate after having conſider'd this Matter are of Opinion, that the Drift of theſe ſweetening Aſſurances of great Advantages to the Poles that ſhall go to ſettle in the Ottoman Dominions, is to repeople the Provinces of Moldavia and Wallachia which have been deſerted by the great Number of Inhabitants that are gone over to the Ruſſians: And therefore it has been judg'd neceſſary to take Precautions againſt that Stratagem, and that Orders be given to ſuffer no Poles to go over the Nieſter into Turkey without a proper Paſſport.

Conſtantinople, Jan. 17. The Populace and the Militia who cannot yet be reconcil'd to the Peace with Ruſſia, had rais'd a Rebellion which might have prov'd very fatal if it had not been timely ſtopp'd by the Death of the Ringleaders of it. The Perſian Miniſter who arriv'd here ſome Days ago was only the Secretary of Kouli Kan's Ambaſſador, who dying on the Road hither, the Secretary came to give Notice that another Ambaſſador will ſoon come hither in his Place. Whatever Pains the Grand Vizier and the other Miniſters of the Porte take to find out the true Intentions of his Maſter, they can get nothing more out of him than that his Sovereign has reſolv'd to make a Pilgrimage to Mecca merely for Devotion. Mean time, as 'tis not to be ſuppos'd but that this Conqueror has other Deſigns, the Miniſters of the Porte can't help ſhewing their Uneaſineſs upon this Head.

St. Croix in Barbary, Jan 16. The King Muley Abdalla is now like to enjoy the Throne of Morocco in Peace, becauſe we hear no more Talk of King Muley Lariba, and that the Blacks not only abandon'd Muley Muſtardi, the other Competitor, as ſoon as his Treaſure was exhauſted, but are even gone to Mequinez, there to proclaim Muley Abdalla, who has moreover found out the Secret to gain the Hearts of the People.

SCOTLAND.

Edinburgh, March 10. Friday the High Court of Juſticiary received the Return of the Jury in the mutual Criminal Proceſſes betwixt the Earl of Morton and Sir James Stuart of Burray, &c. By their Verdict it was found, That Sir James and Robert Sinclair, another of the Pannels, have commitred moſt of the Crimes libelled; Sir James's Servant was aſſoilzied from the Bar. They further found, That nothing had been proven againſt the Earl of Morton, or any of the Gentlemen indicted alongſt with his Lordſhip, but that Mr. Riddoch had diſcharged a Gun at Mr. Sinclair, after Mr. Sinclair had firſt fired on Mr. Riddoch and wounded him: That Mr. Sinclair had been twice confined in Kirkwall Jail, where he had been uſed in a moſt barbarous and unjuſtifiable Manner, above the Nature of his Offence. But found it not proven, That either the Earl or any of the Pannels had been guilty of the ſame. Sir John Inglis, Chancellor of the Jury, in Name of the reſt, repreſented to the Court, That they thought proper to recommend to the Lords Commiſſioners of Juſticiary, to give Orders to enquire into the Affair, and find out the Actors of that Crime, which the Court agreed to do. The Earl, &c. were aſſoilzied from the Bar, and the Court delayed pronouncing Sentence with reſpect to Sir James, &c. till Tueſday.

Edinburgh, March 11. This Day the Lords of Juſticiary pronounced Sentence upon Sir James Stewart of Burray and Robert Sinclair, by which Sir James is decern'd to pay 400 l. Sterl. to the Earl of Morton, in Name of Damages and Expences, 40 l. to Henry Mouet, the other Purſuer, 50 l. to Mr. Roſs Stewert-Deput of Orkney, 40 l. to John Riddoch, who was wounded by diſcharging of a Gun, 20 l. amongſt three others who were alſo indicted at Sir James's Inſtance; they likewiſe fin'd him in 1000 Merks Scots to be paid to the Clerk of the Crown for his Majeſty's Uſe, and ordain'd him to be impriſon'd in the Tolbooth of Edinburgh till the 11th of April next, and to find Caution to keep the Peace for three Years, under the Penalty of 500 l. Sterl. —— Robert Sinclair was fin'd in 100 Merks Scots, and decerned to find Security to keep the Peace for three Years, under the Penalty of 500 Merk Scots.

After pronouncing Sentence the Noble Earl expreſt himſelf in the moſt handſome Manner, and ſaid, that he rejoic'd that he had ſtood Pannel, as now the meaneſt Subject might know that no Character could ſcreen any Man from their Lordſhips Juſtice, who durſt preſume to oppreſs his Fellow-ſubjects; that as it was only a Concern for that Right, which is the Privilege of every Britiſh Subject, that engag'd him in this Proceſs, ſo he was ſufficiently recompenc'd for all his Trouble by this Inſtance of their Lordſhips Juſtice, which he was perſuaded would be of infinite Uſe to the lower People in that remote Part of the Nation; with a great deal more to that Purpoſe.

And then deſired their Lordſhips to diſpoſe of the Sum decerned to him, by giving 200 l to build a new Goal in Kirkwal in Orkney, 100 l to the Royal Infirmary, and the other 100 l. to the College of Edinburgh, towards building an Obſervatory.

CONSUMPTIONS *of all Sorts,*
ASTHMA's, and all Disorders of the Breast *and* Lungs,
Directly and infallibly cured by the Great
CHYMICAL ELIXIR,

WHICH has restored so many Thousands labouring under the deepest Consumptions and most deplorable Asthma's to perfect Health and Strength in a few Days Time, after all other the most celebrated Methods and Medicines had been try'd in vain.

It at once strikes at, and absolutely eradicates the first Principle or Cause of Consumptions, whether of the Lungs or of any other Kind, as also of Asthma's, or Shortness of Breath, reduces the vicious Ferment of the Blood and Juices, corrects the acrid Salts which erode the Lungs, frees them from all obstructing Viscosities, and does more real Good in one Day than any other Medicine whatever can in ten.

It assuredly retrieves the Patient, tho' reduc'd to a meer Skeleton; and immediately cures the most tedious wasting and almost suffocating Coughs, Hoarseness, Wheezing, Shortness of Breath, Difficulty of Breathing, Pain, or Weight in the Breast, Spitting of Blood, Soreness of the Stomach, Throat, or Windpipe: Also Catarrhs, or Defluxions of sharp Rheum, and all Pitifical and Asthmatick Effects, Hectick Fevers, melting Night Sweats, and Diarrhœa's, or Loosenesses, in a pleasant and most agreeable Manner.

It is balsamick, healing and strengthening beyond Comparison, restores in all inward Wastings, Weakness, and Decay of Constitution whatever, perfectly cures Ulcers in the Lungs or in any other internal Part, causes free and easy Respiration or long Breathing, and speedily and infallibly cures ASTHMA's, and all Sorts of CONSUMPTIONS, be they ever so bad, without the least Disorder, Trouble or Confinement, and is indeed the only true Remedy that can be surely depended upon for the entire Cure of those Maladies.

Nor can the whole *Materia Medica* afford a quicker or more certain Cure for common Coughs and Colds; but the great Character this most noble Chymical ELIXIR has so justly gain'd, for the direct and infallible Cure of CONSUMPTIONS and ASTHMA's, &c has occasioned many Attempts to counterfeit it; be careful therefore to have the Right, which is to be had only at Mr. RADFORD's Toyshop, at the Rose and Crown against St. Clement's Church-yard in the Strand, at 3 s. 6 d. a Bottle with Directions, and at no other Place in England.

The so-much Fam'd HYPO-DROPS.

WHich in a few Days infallibly cure HYPOCHONDRIACK MELANCHOLY in MEN, and the VAPOURS in WOMEN, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual: and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, sour Belchings, Cholick, Uneasiness in the Bowels, and ill Fumes, which offend the Nerves, and, by Consent of Parts, affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, Flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, Palpitation of the Heart, Startings, Tremblings, and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering Pain and Weakness in the Back, and other, almost innumerable and grievous, Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms, in their sharpest Paroxysms, these so much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and chearful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves; so that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured, evince.

Whoever takes them for 3 Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Keys and Star in Cornhill, near Stocks-Market, at 3 s. 6 d. a Bottle with Directions.

The GRAND SPECIFICK *for Cleansing and Strengthening the Reins, &c.*

A Medicine that hath gain'd so much Credit, for these many Years it has been publish'd, that not one of the many Pretenders to cure the like Cases, has at all hinder'd the just Reputation this first and only Specifick for these Purposes, hath obtain'd, by its most noble Effects; for it doth not only cure such difficult Cases, which no other Medicine can: But in every ordinary Case, one Bottle will do more real Good than four, that are sold by any of the common Pretenders, as has been sufficiently attested by many Persons of Worth and Reputation that have found the desired Effects, and declared it to Mr. Sandwell.

It may be certainly depended on as absolutely effectual, for carrying off, by Urine, safely and speedily, all the Relicks of secret Injuries, Remains of pernicious unskilfully prepared Mercurials, Gleets or Weaknesses, thro' tedious or ill manag'd Cures of the Venereal Disease; or from Self-pollution, inordinate Coition, &c.

Also any Weaknesses of the Vessels from Wrenches, Strains, Blows, or Falls; and all other Obstructions in the Urinary Passages, even Stranguries, Ulcers, &c. are perfectly cured by it, be they of ever so long standing; which Relicks and Ailments are, in Part, discovered by these following Symptoms, viz. Weakness and Pain in the Back, a Sharpness in the Urine, its strong Smell, Films or Hairs as it were floating about in it, and, in some, too frequent Occasion to make it.

This noble Specifick is also of singular and very extraordinary Use and Efficacy, where there is any Gravel, or even small Stones, Slime, or any other Matter that obstructs the Urine, bringing all away in a few Times taking, with Safety, and to the very great Satisfaction of the Patients, as has been happily experienced by great Numbers of both Sexes, and particularly by a Gentleman, whose Case has so often been mentioned in this Advertisement, by a Certificate of his Cure; who, on taking but a little of this noble Specifick, voided above an Ounce of Gravel, and was cured of an insupportable Pain about his Loins, &c. by a short Continuance of it.

It also strengthens and recovers, after a particular Manner, all Relaxations of the Vessels, confirms the Parts, bringing all into Order, and thereby perfects the Cure to Admiration. It is a very pleasant Medicine, and will be found of uncommon Benefit to Mankind, beyond Expectation, which is the Reason of its being made publick, and to obviate the Ignorance of Pretenders in all the difficult Cases above-mentioned.

One Bottle, in most Cases, is sufficient for a perfect Cure, as you will see by the Directions given with it.

Sold at 7 s. 6 d. the Bottle, at Mr. Sandwell's Toy-shop, at the Griffin, the Corner of Bucklersbury, in the Poultry.
